PASI SCM Core Alert Help Sheets

October 2016

Note: You cannot approve any marks that have Core Alerts attached to them. Resolve the Core Alert and run the Marks Approval process again.

Fixing SCM Core Alerts

- Most core alerts have an ID number you can click on and this directs to the relevant page.
- STATUS: If you choose to use **In Progress**, this does not resolve the issue. In Progress indicates only that you have looked at the core alert.
